> Local Offering Information

■ Securities law information

The FCPE AMUNDI SHARES and the FCPE AMUNDI SHARES RELAIS 2025 are an employee benefit plan and are exclusively offered to eligible employees of the participating companies of Amundi. In accordance with article 120 (5) of the Swiss Federal Act on Collective Investment Schemes, these FCPEs have not been approved by the Swiss Financial Market Supervisory Authority (FINMA) with regards to their offering as a foreign collective investment scheme in Switzerland. The units in the FCPE AMUNDI SHARES and the FCPE AMUNDI SHARES RELAIS 2025 may only be offered and the related documentation may only be distributed in or from Switzerland as part of such employee benefit plan.

■ Eligibility

You are eligible to participate in this Offering if you are employed by an Amundi group company which participates in the Plan, provided that you meet a minimum employment condition of three months measured at the close of the subscription period (September 26, 2025). Such three-month period may either be on a continuous or discontinuous basis. The relevant period of measuring a discontinuous three-month period is from January 1st, 2024 through the last day of the subscription period.

■ Subscription period and subscription price

The subscription period for the 2025 Employee Offering starts on September 15, 2025 and lasts until September 26, 2025. Subscription orders can only be submitted during this period.

The subscription price will be fixed on September 12, 2025. It is equal to the average of the opening prices of Amundi share recorded during the 20 trading days preceding this date, less a discount of 30%.

■ €/CHF rate fluctuation

In Switzerland, you will pay for your subscription in Swiss Franc (“CHF”). For the purpose of subscription of Amundi

shares in Euro, the amount of your investment will be converted into Euros at the exchange rate set by Amundi concurrently with the determination of the subscription price. This amount in Euros will be invested in Amundi shares on the date of the capital increase.

Thereafter, exchange rate fluctuations between the Euro and the currency of your country can have a positive or a negative impact on your investment. During the life of your investment, the value of the Amundi shares will be affected by fluctuations in the currency exchange rate between the Euro and the CHF. As a result, if the value of the Euro strengthens relative to the CHF, the value of the shares expressed in the CHF will increase. On the other hand, if the value of the Euro weakens relative to the CHF, the value of the shares expressed in the CHF will decrease.

■ Subscription process

You can submit your subscription request on the website of the Offering www.weshare.amundi.com, using the login user ID and the password provided to you separately. You can modify your subscription amount online until the last day of the subscription period. Your subscription will be processed based on the latest option registered on the subscription site.

Paper subscription forms can also be provided to you upon request to your employer. If you submit a paper subscription and request online, only the request submitted online will be processed and your subscription form will be disregarded.

■ Applicable thresholds

The maximum subscription amount that you may invest in the Offering is 25% of your gross annual compensation, subject to a maximum investment of €40,000. This €40,000 cap is assessed on all the employee shareholding operations of the Crédit Agricole Group in which Amundi employees could participate in 2025. For purposes of calculating your maximum subscription amount, gross annual compensation includes salary, as well as any bonuses that you have received so far during 2025 or expect to receive over the rest of the year. The 25% maximum limit shall also be calculated considering all investments that you made during the same calendar year in all share offerings proposed to you within the framework of savings plans established pursuant to French law.

There are a limited number of Amundi shares available in connection with the Offering. The total amount of the Offering is limited to 1,000,000 shares. If the subscription requests exceed the amount dedicated to the Offering, subscriptions will be reduced. The reduction will be made by reducing the highest subscriptions until the aggregate shares subscribed for by all participants equals the number of shares available:

- the total number of Shares offered shall be divided by the number of investors in order to obtain the “Average Subscription”;
- all subscription requests equal to or less than the “Average Subscription” shall be fully served;
- all subscription requests greater than the “Average Subscription” shall initially be reduced to the level of said average;
- the remaining number of securities shall be divided by the number of reduced subscription requests to determine a “New Average Subscription”;
- all subscription requests equal to or less than the “New Average Subscription” shall be fully served;
- the securities remaining following this redistribution shall be divided equally (within the limit of the number of securities initially requested) between the investors to a number of securities greater than the “New Average Subscription”.

■ Custody of your shares

Shares will be subscribed and held on your behalf by a collective shareholding vehicle, known as a Fonds Commun de Placement d'Entreprise, or an FCPE, which is commonly used in France for the conservation of shares held by employee-investors. You will be issued units in the FCPE AMUNDI SHARES RELAIS 2025 corresponding to the shares that are subscribed with your investment amount. The FCPE AMUNDI SHARES RELAIS 2025 is a temporary FCPE which will be merged in the FCPE AMUNDI SHARES invested in Amundi shares after the completion of the capital increase, and subject to the approval of the supervisory board and of the AMF. Your investment in the 2025 Employee Offering will be held in the FCPE AMUNDI SHARES. For further information regarding FCPEs, please see the Key Information Document made available to you on the website www.weshare.amundi.com.

■ Dividends

Any dividends paid with respect to shares held in the FCPE AMUNDI SHARES will be reinvested by the FCPE in additional Amundi shares and will increase the number of FCPE units that you hold.

■ Voting rights

As long as your Amundi shares are held by the FCPE, the voting rights pertaining to such shares will be exercised by the supervisory board of the FCPE on behalf of the employees.

■ Lock-up period of 5 years and early exit events

In consideration of the benefits granted under the Offering, your investment is subject to a 5-year lock-up period (up to and including October 23, 2030), during which you will not be able to redeem your investment.

However, in the event of the occurrence of any of the following, you can request that your investment be released in advance:

- Marriage. (*)
- Birth or adoption of a third (or subsequent) child provided that your household is already financially responsible for at least two children. (*)
- Divorce or separation when it is accompanied by a court decision specifying that your home is to be the sole or shared ordinary place of residence of at least one child. (*)
- Termination of employment contract.

- Domestic violence committed against the employee by his/her spouse or former spouse.

Please note that for events marked (*), the request for early release must be submitted within 6 months following the event.

Redemption shall take place in the form of a single payment that, at your choice, shall relate to all or some of your assets that may be redeemed.

These early release events are defined by French law and must be interpreted and applied in a manner consistent with French law. You should not conclude that an early release event is available unless you have described your specific case to your employer and your employer has confirmed that it applies to your situation, upon providing the required supporting documentation.

■ Labor law disclaimer

Please note that the 2025 Employee Offering is provided to you by the French company Amundi, not by your local employer. The decision to include a beneficiary in this or any future offering is taken by Amundi in its sole discretion.

The 2025 Employee Offering does not form part of your employment agreement and does not amend or supplement such agreement. The launch of the present offering results from a decision taken at the discretion of Amundi. It does not constitute a right granted and participation in the 2025 Employee Offering in no way confers any right to participate

in similar transactions. There is no obligation of Amundi to launch new offerings in subsequent years.

Benefits or payments that you may receive or be eligible for under the 2025 Employee Offering will not be taken into consideration in determining the amount of any future benefits, payments or other entitlements that may be due to you (including in cases of termination of employment).

> Tax Information for Employees

This summary sets forth general principles that are expected to apply to employees who (i) are and remain until disposal of their investment resident in Switzerland for the purposes of the tax laws of Switzerland and the Convention between Switzerland and the French Republic for the avoidance of double taxation effective from September 9, 1966 (the "Treaty") and (ii) are entitled to the benefits of the Treaty.

This summary is given for informational purposes only and should not be relied upon as being either complete or conclusive.

The tax consequences listed below are described in accordance with Swiss and certain French tax law and tax practices, as well as the Treaty, all of which are applicable at the time of the Offering and thus the tax rates and the thresholds referred to below are applicable as of 2025. These laws, practices and the Treaty may change over time.

The tax treatment that applies to you may be different from the regime described in this summary depending on your personal situation, and in particular if you are internationally mobile.

For definitive advice, employees should consult their own tax advisors regarding the tax consequences of participation to the Offering.

A. Taxation in France

Considering that during the 5-year lock-up period, your investment will be held in the FCPE AMUNDI SHARES and that such FCPE reinvests any dividends that may be distributed by Amundi, you will not be subject to tax in France with respect to subscription or holding of your FCPE units.

B. Taxation in Switzerland

Upon subscription

Will I be required to pay any tax or social security charges at the time of subscription?

The share price discount (calculated as the difference between the fair market value of the shares and the subscription price) is basically subject to income taxation and social security contributions. The fair market value is generally the closing share price of the first day of the subscription period (if the subscription period does not exceed a 60-day period).

Because of the lock-up period, the shares can be considered to be "restricted shares", thereby giving rise to a certain percentage of exemption for tax and social security contributions purposes for every year of lock up (fractions of years are considered as well). A full five year lock up period gives rise to an exemption of 25.274%.

Consequently, since the discount is 30 %, the subscription of the shares will result in taxable income of approximately 5% of the market value of the shares.

Income tax is generally levied in a self-assessment system at rates that vary depending on the canton of residence of the employee and needs only to be withheld by the employer for foreign national employees. Social security contributions are split equally between the employee and the employer. The employee's share of the social security contributions must be withheld by the employer.

The rates of the mandatory social security contributions in 2025 are:

- AHV (old age and survivors insurance) 4.35 % each (no upper limit)
- IV (invalidity insurance) 0.7% each (no upper limit)
- EO (income compensation in case of service or maternity) 0.25% each (no upper limit)
- ALV (unemployment insurance) 1.1% each (up to CHF 148,200 p.a.).

During the life of the Plan

Will I be required to pay any tax or social security charges on dividends?

The dividends payable by Amundi will be considered as your income and will be taxable even though such dividends are reinvested by the FCPE and are not paid to you in cash directly. Dividends are not subject to social security charges.

Will I be required to pay any wealth tax on the units I own?

Your investment is subject to cantonal and communal income and wealth tax (provided your total taxable assets

exceed the applicable tax-free amount). Depending on your canton of residence, a fixed or a pro rata reduction of the market value of your investment for the remaining lock-up period may be applied for wealth tax purposes.

Upon redemption

At the end of the lock-up period, you will have the choice to redeem your FCPE units for cash or shares or keep your FCPE units.

No taxation or social security charges apply if you decide to keep your assets invested after the end of the lock-up period.

Will I be required to pay any tax or social security charges when I ask the FCPE to redeem my units for cash?

When you redeem your units at the end of the lock-up period, the difference between (i) your original investment and (ii) the cash you receive upon the redemption will constitute your capital gain.

Capital gains are generally tax exempted in Switzerland, provided the shares are held as private assets.

Please note that any losses resulting of the loss of value of the shares are not tax deductible.

In the event of early exit:

There will be income tax and social security consequences in the event of an early exit. Taxable income will arise in the amount of the market value of the shares at the time of the early exit multiplied by 6% and by the number of years remaining until the end of the ordinary lock-up period. Such income is subject to social charges as well.

Your reporting obligations

You have to declare your taxable income that you realize by participating in the Amundi 2025 offering in your 2025 tax return. This income will be reported in an addendum to your salary statement 2025. Both the salary statement and the addendum must be filed with your tax return 2025.

Please note that your employer may be obliged to submit a copy of your salary statement and the addendum directly to the cantonal tax authorities.

During the whole investment period you will have to declare your investment at the corresponding tax value as well as any re-invested dividend income in the securities statement of your annual tax return.

Important notice:

Please take into account that this country supplement is prepared in June 2025 and the tax consequences may be different at the moment of delivery or sale of shares or at the moment of receipt of dividends.
